CLPD Accredited Courses

Presenting Excellence

Mastering the skills of effective presentation is a key aspect of professional development. Whatever your level, you may be required to present and we will work with you to develop the essential skills and techniques involved in designing and delivering dynamic presentations through effective preparation, relevant content and engaging delivery.

Course Code	BB32-03
Course Duration	3 Hours
Number of points allocated	3 Points

Business Development and Networking

Developing confidence in Networking and Business Development skills is key to building relationships and identifying new business opportunities. We look at techniques to ensure that networking is strategic and effective as well as how to follow up and keep relationships alive over the long term.

Course Code	AA32-02
Course Duration	3 Hours
Number of points allocated	3 Points

Impact and Presence

In any business, people need to connect quickly and effectively with colleagues and clients alike to establish meaningful relationships and they need to do so with impact and presence. We look at how to demonstrate confidence and be present in different situations, how to create a positive and memorable first impression and how to influence and persuade different personality types.

Course Code	BB32-01
Course Duration	3 Hours
Number of points allocated	3 Points

Please note – course durations are flexible to your needs

Our Trainer
